SAKURA

-JAPAN IN THE BOX-

A brand new musical entertains you with your own smartphone.

SAKURA is a new kind of musical that is a fusion of traditional elements—Japanese dance, musical instruments and beautiful kimono, exciting swordplay and ninja—with the anime characters. The characters that form the backdrop to the action are animated by real actors and come to life three-dimensionally. There is singing and dancing to express the beauty of Japan manifested in its four magnificent seasons, in a wordless performance that can be appreciated by everyone. The app enhances your experience in the theater. The climax of the performance comes when the audience finds itself in the midst of cherry trees in full bloom.

STORY

Sakura is a high-school girl who just can't seem to get interested in anything and has a simple, everyday life. That all changes when she meets a mysterious white fox and, impelled by a powerful force she has never experienced before, stumbles into a different dimension. In that world, everything is in ruins, and even the cherry trees have withered away. Through her encounters with the spirits of spring, summer, fall and winter, Sakura's heart gradually begins to open.
